Carrie	10:30:27 AM MDT	Thank you all for your time. This was very informative. Have a good day, be safe.	Thank you. Be well!	
Anna	10:24:25 AM MDT	According to the BTO data, Breckenridge lodging companies are 25-50% down this summer to previous summers... not sure why there is a thinking there will be 100% occupancy when even in past non-pandemic summers the summer market has never produced 100% occupancy. In a non-pandemic summer, normal summer occupancy hovers between 30-60%... now its down 25-50% lower than that.	We are not expecting 100% occupancy. Summer occupancies have typically averaged between 30-40% range for the season. (May - Oct)	Lucy Kay
Mike	10:22:34 AM MDT	What is your feeling that the County will stick with the current plan to open STRs on June 1. The County seems like they don't really want to commit to anything with regards to visitors. Thanks!	We are planning on a June 1 opening. That may change if there is a significant increase in COVID cases in the County.	All
Joe	10:11:11 AM MDT	Did the discussion come up about shared complex pools & hot tubs opening on June 1st or at all this summer?	Pools have not been discussed yet, but they will probably not open anytime soon.	Rick Holman
Kristin	09:54:59 AM MDT	Is there a way that UNIVERSAL visual document/ sign that all retail can use so that customers/visitors are getting the same message at each location? The more someone sees the message and it is reinforced could we see greater compliance?	The Welcome Center will send out a town approved PDF that businesses can print and post in their storefronts. (there's a printable sign available now at www.onebreckenridge.com under "Updates & Guidance")	Lucy Kay
Traci	09:46:17 AM MDT	by masks- do you mean any kind of face covering? Mike indicated BGV is going to great lengths for cleaning protocol and guest participation. Is there are guideline from the County/State for similar protocol for all lodging. Can we as a community create higher standards similar to BGV in order to enhance our employee and guest safety?	Masks, buffs, scarves, bandanas must completely cover mouth and nose per State order.	All
Rick	10:21:07 AM MDT	What is expected for traffic flow if Main St. is closed to traffic?	There are industry guidelines forthcoming, along with State protocols and policies. Individual businesses and/or the community can certainly operate at a higher standard. Highway 9 and also Ridge Street for north-south traffic, most east-west streets will remain open.	All
Marci	10:00:01 AM MDT			Rick Holman
Jade	09:46:31 AM MDT	When can retail stores fully open?	TBD by State and County Public Health. Possibly May 8 with restrictions.

Laura	09:45:52 AM MDT	When is lodging set to open?	June 1, madated by Summit County Public Health.	Mike Dudick
Danielle	09:52:05 AM MDT	Are constructin workers required to wear masks? How will my local grocery store handle larger crowds that come with lodging? Will locals be able to jump the line if they must wait to get in like a fast pass at an amusment park?	must maintain 6' social distancing on site or wear masks You could designate certain hours for locals, like groceries do for vulnerable groups. You can limit the number of people in your store at one time, have one way isles, and 6" markers at check out.	Eric Mamula
Megan	10:31:33 AM MDT	have you considered a soft opening for the town restaurants to allow the town residents to get out prior to the masses arriving	Yes, we will experiment with a soft opening of our outdoor seating on main street for locals.	Lucy Kay
Janet	09:48:02 AM MDT		Yes and Yes. Therapist is also required to wear a mask. Check COVID19.colorado.gov >safer at home tab> for guidance.	Eric Mamula
Erica	09:47:47 AM MDT	As a Massage Therapist, I fall into the Service Provider category. Can you clarify if protocol says that clients need to wear a face mask while receiving their treatment? Do we need to check clients' temperatures?	https://covid19.colorado.gov/safer-at-home/safer-at-home-personal-services (link is also available from onebreckenridge.com in the "updates and guidance" section)	Lucy Kay
Todd	09:54:27 AM MDT	Any chance to open the ice rink...similar to the skate park? Maybe allow 2-3 people at a time? And perhaps schedule the slots?	not at this time. Ice maintenance is curtailed for now to save some operating budget	Rick Holman
Barbara	09:47:09 AM MDT	Would it make sense to recommend that restaurants develop a system to order take out ahead of time, to help with planning for food quantities?	This is up to individual restaurants and certainly a good idea.	Eric Mamula
Barbara	09:47:30 AM MDT	What about Uber Eats to deliver food?	It is up to each restaurant to decide if they want to offer a delivery service, such as Uber Eats. Warrior Express and DoorDash are currently operating.	Eric Mamula
Gretchen	09:41:05 AM MDT	Will the county require masks be worn by customers inside businesses (ie, gracery stores)	Yes, it is a requirement now	Eric Mamula
Gretchen	09:43:08 AM MDT	What will be the enforcement for guests/customers to wear masks?	Guests w/o masks can be turned away at the door of a business. Not wearing masks in public is a violation of the the State Public Health Order and citations can be issued. We hope that people will do the right thing and this wont be necessary.	Rick Holman
Gretchen	09:51:14 AM MDT	We've noticed many people in stores and on the bike path without masks...and this has increased in the past couple of days. How do we as citizens help enforce?	If people are within 6' of each other w/o masks they are in violation of the State Public Health order. (see above). As citizens, we can politely ask them to cooperate with the state order, if the problem is excessive or pertains to a certain business, there is a complaint site at the state level COVID19.colorado.gov/covidconcerns . Compliance will be complaint driven. Local Public Health or PD will be able to issue cease and desist letters to repeat business violators	Lucy Kay
Gretchen	09:52:32 AM MDT	Can city market restrict access or make masks available for those customers who don't have them?	Businesses can turn people away at the door. It is up to the business as to whether to make masks available to customers	Rick Holman
Gretchen	09:59:55 AM MDT	Is camping considered short term lodging and will it follow the logging guidelines and timing?	Camping is not allowed already in the Town of Breck	Rick Holman
Holly	09:47:31 AM MDT	can we produce signage about placing masks and glovez in the trash? I am seeing many on the streets/ sidewalks	Great idea. Will look into this	Rick Holman
Darren	10:06:40 AM MDT	Should we be worried about the influx of visitors from the front range coming to use our trail networks once conditions allow. Neighboring communities have already closed parking areas at trail heads - Buff Creek, Eagle - to name a few. Is there any thought of having something similar to this on the table?	We are looking at various trailhead management ideas. Our best options will be directing visitors to less visited trails and enforcing parking rules at trailhead parking	Lucy Kay
Linda	09:51:37 AM MDT	They are currently not enforcing the wearing of masks at City Market. 1/2 the people going in there do not have one on. When will it be enforced? Can we put a sign up that says no mask no entry?	This is a private business and enforcing this guidance is up to the business owner	lk - RH, EM?

April	10:07:30 AM MDT	What are the number of lodging cancellations for the summer so far?		BW? EM?
April	10:13:37 AM MDT	Can day spas open?	with restrictions. See covid19.colorado.gov>safer at home> spa tab	Lucy Kay
Rachel	10:13:15 AM MDT	what's the mortality rate in comparison to case rate in Breckenridge as of now? and is the suicide rate higher then COVID19?	TBD	
Rachel	10:25:34 AM MDT	Are you concerned about the fact that masks are a breeding ground for bacteria that can get into your mouth and down into your lungs and cause infection? and masks are suppressing vital herd immunity?	Wearing masks is the guidance per the state and SC Public Health. Along with social distancing, it should help suppress the spread of the virus	Lucy Kay Rick Holman
David	10:03:31 AM MDT	On January 14, Breck council member Gary Gallagher stated: "I really feel short-term rentals are not helpful to this community." Has the lodging shutdown been a dream scenario for some council members?	Shutting down lodging is not a dream scenario for anyone.	Lucy Kay
David	10:19:03 AM MDT	Are cars with out-of-county license plates (including Texas) being cited?	No.	Rick Holman
Jeff	10:25:45 AM MDT	Thank you Mike for acknowledging the impact the social isolation decisions are having on mental health with in our community. From suicides to child abuse if we are not taking these issues in to serious consideration then we are doing a disservice to our future generation.	Thank you.	
Mara	09:47:53 AM MDT	How will you enforce mask-wearing? I am still seeing people at the post office, pharmacy and City Market with no masks on.	Businesses can turn people away at the door.	Rick Holman
Jenni	09:40:49 AM MDT	Masks are required for personal services, that's great! Can we get a link to this document to look at as customers? I'd rather view it at home first... Can't find on the TOB website.	covid19.colorado.gov >safer at home> personal svc tab https://covid19.colorado.gov/safer-at-home/safer-at-home-personal-services (link is also available from onebreckenridge.com in the "updates and guidance" section)	Lucy Kay
Jenni	10:33:55 AM MDT	Thanks!! Love this interaction!!	Thanks for joining us.	
Josh	10:24:24 AM MDT	Magical Scraps is making masks	Thanks.	
Hal	09:54:56 AM MDT	To Mike: will BGV supply masks to guests?	TBD	Mike Dudick
Hal	10:11:20 AM MDT	Bill, I would be happy to help people with small printing jobs.	Thanks.	
Ryan	10:31:03 AM MDT	If Main Street opens for restaurants will people be able to take beer or cocktails outside on Main Street?	we are working through these decisions now.	Rick Holman
Tiana	09:51:49 AM MDT	If you can keep 6' away from other staff in your business, do you have to keep your mask on inside your workplace?	No, as long as you maintain the 6' distance.	Lucy Kay
Chris	09:38:30 AM MDT	Why can't restaurants do what retail is doing by appointments and be allowed to take certain amount of reservations based on square footage and allowing time in between reservations to allow for proper sanitizing with chemicals that treat the Covid 19?	The public health order is directed by the County and State.	All
Chris	10:00:14 AM MDT	How can the business community support the youth of our town better? They aren't the type to reach out to get help. Can we set up a safe location or even a community line for them to get help without fear of judgement or punishment?	Great ideas.	Lucy Kay
Duck	10:06:04 AM MDT	if neighborhood parades would it be only Parade would be on floats and no walkers or candy?	We are still working through this, but that is a likely scenario.	Lucy Kay
David	09:53:35 AM MDT	Will TOB help provide the masks we will need for guests?	TOB will try to purchase in bulk, and resell to local business at cost.	Rick Holman
Jodie	10:09:01 AM MDT	Do hotel guests also have to wear masks when entering to check in? I have been very troubled by the anti second homeowner or anyone with an out of state plate. We have been full time residents for 4 years and were second homeowners for 7 years before that. Some of our vehicles have Colorado plates but some of them have not been changed to Colorado plates. The are reports of notes being left on vehicles that do not have Colorado plates saying "Go Home" when the hotels open will they be able to open 100% of the room or will the occupancy be capped?	if they are within 6' of staff or other guests, yes. BTO is developing messaging for second homeowners, explaining the recent, difficult decisions we have all had to make, reasons behind them, thanking homeowners for their cooperation and looking forward to welcome them home soon. We will distribute via Realtors, HOAs and emails that we have access to.	Rick Holman Lucy Kay
Eli	09:49:22 AM MDT	In my experience as a RN. When public use rubber gloves. They do not use them effectively, and gives people a false sense of security. The gloves should be removed & hands washed between each interaction. At the minimum use sanitizer on the gloves. The most important thing is to wash hands in between contact with people! Thanks stay safe!	there likely will be occupancy limits for quite a while	Rick Holman
kathy	09:50:47 AM MDT	Thank you for this important information.		ALL
phyllis	10:26:44 AM MDT	I own 2 rental homes in Breckenridge. When are we allowed to start booking for the summer, and what specific guidelines do we have to follow besides the CDC cleaning procedures, which we plan on doing.	at this point June 1 for bookings.	Rick Holman
anna	09:54:37 AM MDT	IF there is no one on the sidewalk and no one within 6 feet - masks required?	no, but keep it handy in case someone comes along	Eric Mamula
anna	10:03:22 AM MDT	Drive-in movies at the Gondola LOT! In closing down Main Street - IT IS IMPERATIVE YOU INCLUDE NORTH MAIN STREET!!	we are discussing this with BCA and Film Fest	Lucy Kay
anna	10:05:58 AM MDT	Bill, Are the panel members going to read the questions you didn't pose during this webinar?	We appreciate your input.	
anna	10:30:59 AM MDT	Love the idea of closing Main Street. Great idea. Make it more pedestrian and bike friendly = safe destination now and a sustainable destination in the future. Very innovative!	answering all questions and posting on onebreckenridge.com	Lucy Kay
amy	09:44:05 AM MDT	Question: What's the update on events / gatherings? Is there a phased approach or any guidance?	We're glad you like it. We expect that social distancing will be required for a long time and are rethinking, and recalibrating events to accommodate that and all other public health safety requirements. Examples of July 4 parade, Oktoberfest changes, possible changes in how wedding, reunions could be structured	All Lucy Kay
amy	09:47:48 AM MDT	What is the BTO's recommendation for marketing/outreach for local companies to bring back tourism in a safe, responsible way? We don't want to overwhelm our community, but we need enough business to sustain our businesses. Would love some guidance! Thx Love the idea of a personal pledge. Eagle County adopted this. Can we have a county-wide or, at least, a town-wide pledge for individuals, tourists, businesses?	We are currently messaging only in channels where guests are consciously seeking us out - like travelocity, expedia, our social channels. We will resume paid outbound messaging in select regional drive markets (considering safety records of those markets) and will go slow as to not overwhelm Town. BTO is not planning on marketing in the Front Range at this point, as that is well covered by other entities in town.	Lucy Kay
amy	10:15:28 AM MDT	(not a question, just a plea to consider mental health + the economy, in addition to public health):: We have 3 crises right now: 1. public health 2. economic and 3. mental health. YES! We need to balance all 3	we will work on this.	
amy	10:17:23 AM MDT	Absolutely!		ALL

amy	10:22:27 AM MDT	Can the BTO please share any/all travel trends or findings on the interest in travel with our local businesses? (search findings, data from the CTO or other DMOs?) I know Lucy and her team are on top of it - would love to learn more and have a lot more collaboration and learnings. Please and thanks!	We can and do share all public information that we have access to. Onebreckenridge.com	Lucy Kay
jeni richard	10:24:38 AM MDT 09:49:25 AM MDT	Lucy referred to "Lodges" opening June 1; is that to say the Lodging Companies representing homeowners will also be allowed to open? Is June 1 a firm date for lodging taking reservations	Yes. that is the information we have today We are planning on selling at our cost, once the BWC opens for public access- likely early June. Team is currently working remotely providing guest information.	Lucy Kay Lucy Kay
richard richard	09:53:47 AM MDT 09:57:33 AM MDT	will the welcome center sell or give masks to tourists Eric what is the proposed timing for pedestrian main street Can the classes, offered for up to 3 people plus an instructor, be offered outside for better air movement while also practicing 6ft social distancing and following all the protocols on our own business property or where we are permitted to do so?	TBD	Lucy Kay
Tim		Can we do ski boot fitting? Hard to maintain 6 foot social distancing. We need to touch/manipulate feet.	Yes, but if within 6' of public, masks would be required Expect this would be like Personal Services. Masks and safety protocols would have to be followed. Covid19.colorado.gov >safter at home> personal services tab	Rick Holman
Ginsburg Beckerman		Parking garage moving forward? You say it's the establishment's right and duty to not let people into their shop, or museum, or business if they don't wear masks. What if these people get aggressive or try to push their way in? This seems like a realistic possibility given we'll have people who don't view the pandemic the same way our town is viewing it. Are we going to ask a retail employee who's making \$14 an hour to defend their shop? BGV said it's making visitors sign a pledge. Will all lodging properties be required to do that, including short term rental units?	TBD	Rick Holman Rick Holman
O'Neil		I got a lot out of the webinar, nice work making it efficient. I thought BGV's pledge idea was excellent given we can't check every visitor's temp on their way into town. I think a lot of people would support an order requiring lodging properties (including STRs) to have their guests sign those pledges upon arrival - and read them prior to coming. That way at least they know the expectations, and if they don't want to comply, they can stay home	We think signing a pledge is a great idea for all lodging guests. If guests become problematic, CSOs will be able to help.	Lucy Kay
O'Neil		I'm also still interested in whether retail employees (or museum docents, etc) will be asked to defend their businesses if visitors don't want to play by Breck's rules.	We will look into a town wide pledge.	Lucy Kay
O'Neil Manella		If you close Main St where will the bike lane detour? Will any provisions or adjustments be made for parking, if Main Street is no longer an option?	We hope that guests will do the right things. CSOs can be called for problematic guests. Main Street could become a dismount zone for bikes.	All
Edstom		Is the town planning to proceed with 4th of July festivities? Or is it still too soon to tell?	TBD It's early, planning for different version of July 4 festivities. Possible parade through neighborhoods.	EM?RH? Lucy Kay
Drabant		-can we get something about wearing masks on the large electronic street sign? (when you come into town)	CDOT sign	
Drabant		what about boutique studios? (yoga/spin, etc) when/how can they open?	3 participants + instructor max	Rick Holman

Neuschaefer		I asked a question about the dog park opening and got an answer that they don't know. Why can we not open up the small dog park, as it needs no modifications? We have no where to exercise our dogs, particularly if you are a senior and the dogs are young. If you open the skate park, why not the smaller portion of the dog park. I am on the board for LAPS and we are concerned. Thanks Kate	TBD	RH?
